ABOUT :

One day, I'll take over the world thanks to my army of stupid cats (unless they eat me first). Waiting for this time to come, I offer my services as an illustrator to buy more cat food. I'm Tilune Chacon but in real life my name is Mélody Faber (nice to meet you), 27 years old and I live in Nancy, France. My daily inspirations are cats videos you can see all over the internet (they rule it already), but also from my surroundings, different cultures, Art Nouveau and from a bunch of artists... Yes, I have a broad range of interests.

Always full of colors, my drawing style can show a lot of humor or sometimes some grace. I want most of my drawings to be cute, adorable but also cartoony and, obviously, original. The only thing in my mind when I work : having fun and showing it in each of my illustrations.

And cats.
